IT'S TIME FOR REAL CHANGE

Vote  Labour Thursday 12 December

YOU CAN'T TRUST BORIS JOHNSON'S TORIES WITH OUR CHILDREN'S FUTURES

UNDER THE TORIES:

- ✗ Cuts to schools have left many head teachers sending begging letters to parents
- ✗ More than 1,000 Sure Start Centres have been lost since 2010
- ✗ Education Maintenance Allowance has been scrapped and tuition fees have trebled to £9,000, meaning students will now graduate with some of the highest debts in the world

**Labour will invest in our children's futures,
with a free National Education Service.**

Labour will:

- ✓ Invest in high-quality universal child care for all two to four year olds
- ✓ Stop the cuts to school budgets with a real terms increase in funding
- ✓ Provide free school meals to all primary school children and reduce class sizes to under 30 for all five, six and seven year olds
- ✓ Abolish tuition fees, reintroduce maintenance grants for students from low and middle income backgrounds and reintroduce an Education Maintenance Allowance
